Banyan Line Small Cage Assembly Instructions - Tiki Tree House:

Hardware (may be some extra):

- 10 bolts for attaching main panels (front, rear, sides, and top)
- 2 end pieces for stand (the horizontal bar tabs should be facing inward - the cage rests on this)
- 2 horizontal bars for connecting end pieces of stand
- 4 casters
- 2 feeder cups
- 1 stand shelf (this also provides stability for the stand)
- 2 perches
- 1 slide out grate
- 1 slide out tray

1 - Stand Assembly:

Attach the horizontal beams to one of the stands ends (be sure tabs on side end is facing in). Attach on one end of shelf to side end. Repeat for other end.

2 - Cage Assembly:

Bolt the front panel to one of the side panels (2 bolts per connection), Bolt the rear panel to the same side panel. Bolt the other side panel to the front and rear panels.

3 - Top Section:

Bolt the roof to the front and rear panels (one bolt in the center of the front and rear face of the roof).

4 - Install , feeder cups, perches, shelves and ladders.

5 - Slide in tray and grate on runners (grate above tray)

6 - Install casters in legs of stands (there is a plastic inset in the leg which the shaft of the casters goes in to.

Enjoy your cage!
